

52. Woodpecker Way / Tiddy Brook

Site	Woodpecker Way / Tiddy Brook	
1	Planning History - Does it meet LGS criteria?	Y
	Does the sites have an extant planning permission, which can still be implemented and would conflict with a Local Green Space designation? <i>(If yes, the site is considered not suitable for Local Green Space Designation)</i>	N
	Has the site been allocated for an incompatible Local Green Space use? <i>If yes, the site is considered not suitable for Local Green Space Designation</i>	N
	Any further points to raise from the Strategic Land Availability Assessment?	N
2	Other Designations - Does it meet LGS criteria?	Y
	Is the site covered by any of the following designations?	N

	<p>Special Areas of Conservation; Special Protection Areas; Sites of Special Scientific Interest; Registered Parks and Gardens; Local Nature Reserves; Registered village greens; Common land; Strategic Green Space; Minerals Safeguarding Area</p> <p><i>If yes, the site is considered not suitable for Local Green Space Designation</i></p>	
3	<p>Proximity to Community - Does it meet LGS criteria?</p>	Y
	<p>Is the site within 240m radius of 10 dwellings or more?</p> <p><i>If yes, the site is considered suitable for Local Green Space Designation due to its proximity to the community it serves</i></p>	Y
4	<p>Local Character and Not Extensive Tract of Land - Does it meet LGS criteria?</p>	Y
	<p>Is the site, or adjacent green spaces appropriate for Local Green Space taken together, larger than 10ha?</p> <p><i>If yes, the site is considered not suitable for Local Green Space Designation</i></p>	N
	<p>How does the site relate to the local area? Does the site feel part of the local area? Does the site connect physically, visually and/or socially to the area? Is the site distinct from its context by virtue of its size, land type or landscape features, e.g. what are its boundary conditions?</p> <p><i>Please provide justification below :</i></p> <p>The site is an irregularly shaped green space with assorted land use which in part borders the riparian zone of the Tiddy Brook, and in part snakes through a residential area where it provides open ground but also small wooded areas (adjacent to Plymouth Road). Where it borders the Tiddy Brook the land contains trees. The Tiddy Brook is one of the Rapid Response Catchments identified in project work of the Westcountry Rivers Trust on flood mitigation. The sites boundaries are diverse including a boundary with road, with stream and with other boundaries where it backs on to residential properties.</p>	Y
	<p>The site should not be an extensive tract of land. How large is the site in comparison to the community it serves and areas of land in the vicinity?</p> <p><i>Please provide justification below:</i></p> <p>The site is 1.32 Ha within a total parish area of 1,330 Ha.</p>	
	<p>Is the extent of the size reasonable for its potential designation as a Local Green Space - How has the size of the site been decided? Does the site follow natural features or existing constraints? Does the whole site justify allocation as Local Green Space or is some of the site unnecessarily included? Is the site unusually large for its use?</p>	Y

	<p><i>Please provide justification below:</i></p> <p>The site as defined by it being a continuous irregular area of green space comprising of wood and grass.</p>	
5	Particular Local Significance - Does it meet LGS criteria?	Y
5.1	Beauty - Does it meet LGS criteria?	N
	<p>Is the site discernibly beautiful or more beautiful than the surrounding areas?</p> <p><i>Please provide justification below</i></p>	
	<p>Site visibility - Is the site visible from a public place? Are there views of the site from any key locations?</p> <p><i>Please provide justification below</i></p>	
	<p>Is the site (or type of landscape) specifically mentioned in any relevant landscape character assessments, conservation area appraisals or similar documents?</p> <p><i>Please provide justification below</i></p>	
	<p>Is the site covered by any landscape or similar designations?</p> <p><i>Please provide justification below</i></p>	
	<p>Are there any cultural references to the site's scenic quality?</p> <p><i>Please provide justification below</i></p>	
	<p>Does the site bring interest from further afield to the local area?</p> <p><i>Please provide justification below</i></p>	
	<p>Does the green space help to improve the overall appearance of the area by means of its features?</p> <p><i>Please provide justification below</i></p>	
5.2	Historic Significance - Does it meet LGS criteria?	N
	<p>Are there any historic buildings, features or remains on the site? For example, listed buildings, scheduled ancient monuments, and war memorials.</p> <p><i>Please provide justification below</i></p>	
	<p>Are there any historic landscape features on the site? For example, old hedgerows, ancient trees, historic ponds, historic garden features, ancient woodlands.</p> <p><i>Please provide justification below</i></p>	

	<p>Did the site play an important role in the historic development of the village or town? For example, part of the grounds for the manor house, site of an old railway station, village green.</p> <p><i>Please provide justification below</i></p>	
	<p>Did any important historic events take place on the site? Is there a longstanding event which takes place on the site? For example, fete's, well-dressing, maypole dancing, pace egg rolling, plays, market</p> <p><i>Please provide justification below</i></p>	
5.3	Recreational Value - Does it meet LGS criteria?	Y
	<p>Is there evidence or is it feasible that the site is used for playing sport or is it included in the playing pitch strategy to deliver sports provisions?</p> <p><i>Please provide justification below</i></p>	
	Which Sport? Cycling, Running, Walking	
	Is this sports provision free?	
	Is it good quality?	
	Are there better facilities nearby?	
	<p>Does the Green space incorporate play provision or is it included in the play strategy to deliver new play provision? What is the quality of the play area?</p> <p><i>Please provide justification below</i></p>	
	<p>Are there any other play provisions within a 240m for local playable space or 600m for strategic play space?</p> <p><i>If yes, please provide details below</i></p>	
	<p>Is there evidence or is it feasible that the site is used for informal recreation? Can the site be accessed easily? Are there desire-lines present on site?</p> <p><i>If yes, please provide details below</i></p>	Y

	Parts of this site include areas of open grass on which children and sizeable enough for ball games and use of cycles. An area of grass adjacent to the stream and behind housing on Woodpecker Way has been equipped with picnic tables.	
	Does the site incorporate any recreational routes, e.g. bridleways, PRowS, National Cycle Routes, key pedestrian and cycle links? <i>If yes, please provide details below</i> There is a short stretch of footpath through this site which provides a connection between Woodpecker Way and the older Bishopsmead development. This is part of the Route 27 National Cycle Network.	
5.4	Tranquillity - Does it meet LGS criteria?	N
	Is the site considered to be tranquil? If yes, what features make it feel tranquil? <i>Please provide justification below</i>	
	Does it enhance the feeling of tranquillity within the local area through a feeling of remoteness? <i>Please provide justification below</i>	
	Does it provide an area of tranquillity within a busy setting by hiding man-made structures such as roads, power-lines or lighting and by reducing the appearance of noise and light impacts? <i>Please provide justification below</i>	
5.5	Richness in Wildlife - Does it meet LGS criteria?	Y
	Is the site formally designated for its wildlife value? <i>If yes, please provide details below</i>	
	If the site is not formally designated, is there any evidence that there are important habitats or species found on the site? <i>If yes, please provide details below</i> This site includes riparian woodland and sits adjacent to a similar area designated as part of the Nature Recovery Network. Although not itself designated it does link with this area and provide some water-side habitat. This site also contains small wooded areas which will have some habitat value.	Y

	<p>Have ecological surveys been undertaken on or close to the site?</p> <p><i>If yes, please provide details below</i></p>	
	<p>Has the site been defined as part of the JLP biodiversity network? Is the site adjacent to a designated site?</p> <p><i>If yes, please provide details below</i></p>	
	<p>Is there any evidence, or is it likely that other wildlife of interest has been found on the site? Are there ancient hedgerows, woodland, veteran trees on the site?</p> <p><i>If yes, please provide details below</i></p> <p>There is evidence of longstanding riparian woodland here as evidenced by RAF aerial photographs from 1946-49. Ordnance Survey mapping also indicates a proportion of this area was scrub as far back as the first edition 25 inch map of the 1880s. Uncultivated vegetation is therefore apparent at this site over an extended period.</p>	Y
6	<p>Evidence of Local Support and Alternate Green Space Provision - Is there sufficient current evidence of Local Support?</p> <p><i>If yes, please provide details below</i></p> <p>The picnic benches evidence use of this area as a green space and the open grass areas are frequently used in good weather by children socially and at play.</p>	Y
7	<p>Could the site help to mitigate against the effects of climate change on the local community? Does the site have sufficient landscape qualities that could help tackle climate change?</p> <p><i>If yes, please provide details below</i></p> <p>Trees and rough vegetation in riparian locations are important for water storage and slowing the flow of water into rivers. This site there contributes to flood mitigation. The site is completely wooded with trees being a vital carbon sink. Trees next to watercourses also provide shading, with climate induced heat impacts being a problem for river fauna.</p>	Y
8	<p>Does the site include any landscape features that could help build resilience to climate change challenges? Does the site have sufficient landscape features that could build resilience to climate change?</p> <p><i>If yes, please provide details below</i></p> <p>As above</p>	Y
9	<p>Conclusion - Should site be considered for allocation?</p>	Y

	<p><i>Please provide any concluding remarks below</i></p> <p>This site is used for leisure by children playing and as a walking and cycle route. It contains some wooded area next to Plymouth Road that has a degree of wildlife and carbon storage value, but more importantly the trees here help buffer noise from the main road to the residential area. Perhaps more importantly the wooded and scrubby riparian area has much to contribute in the mitigation of climate change impacts.</p>	Y
