

Update: Tavistock Neighbourhood Development Plan

Prepared for Tavistock Town Council

Development Management and Licensing Committee meeting

February 17, 2025

by Cllr Ursula Mann

The NDP is still progressing at WDBC. I have had confirmation that the item will be on the HUB agenda on March 11th, 2025 with the expected date of Referendum being the May election.

The steering group discussed a strategy for publicising the referendum (all being well) and the remaining grant will cover the cost of printing necessary.

We have an AI tool for the website that allows residents to ask about what's in the plan - which might be useful for those who aren't particularly interested in reading through the entire document

We have renewed the Parish Online membership and the website this month and received a final invoice from our consultant. I will provide a financial update once I've gotten the grant report completed.
